REPORT OF ROAD AGENT

Last winter we were favored with an over abundance of snow which fortunately did not result in too much flooding in the Spring.

East View bridge was completely rebuilt which is a great improvement. All roads had the brush cut on each side. 1013 gals. of Asphalt were used on town roads also 3200 yards of gravel. The payloader was given a new coat of paint and also the truck body.

Due to the extreme drought conditions this summer and the Chesham bridge being up, the Bemis & E. Seaver roads were the recipients of a much greater amount of traffic and needed more care in the form of Calcium Chloride and grading.

The town also purchased a new "Good Roads" plow.

May I again take this occasion to thank all my loyal supporters.

Respectfully submitted,
Ralph J. Clark
Road Agent

REPORT OF THE FOREST FIRE WARDEN AND YOUR DISTRICT CHIEF

During the past year New Hampshire faced the greatest forest fire threat to its woodlands in more than sixty years. The continued drought brought home to our citizens, as never before, the potential threat of destructive fires to their beautiful and valuable forests, homes and livelihood. In true American tradition of meeting a common threat by volunteer effort, this fire danger was minimized by active prevention, patrol and a relinquishing of personal rights for the common good. It was the greatest demonstration of public cooperation ever experienced by those responsible for local and state fire control. The ready forces of volunteer fire services kept the losses low. For their effort and public response the general fire service expresses its heartfelt thanks for a job well done.

Prevention however, is not just an activity for the bad fire years. It must be practiced until it becomes a part of our public conscience — a habit. Just plain carelessness with fire causes too many of our fires.

The following practices and suggestions will help:

1. Always have a permit for outdoor burning and burn within the terms of the permit and in a safe place. Burn late in the afternoon when the wind is down or on rainy or damp days. Check your fire and if winds develop extinguish it promptly.

2. Carry your rubbish to the public dump — its safer. A neglected back yard incinerator causes many fires.

3. Never discard a lighted cigarette or match. Make this a year round habit regardless of the safety of your surroundings.

4. Children caused fires are now a major concern. Keep matches away from them and teach them to respect fire and not make it a subject of play.

Lets all join with "Smokey the Bear" and "Keep New Hampshire Green" and growing in 1964.

REPORT OF FIRE DEPARTMENT

The fire department had a good year with few fires, answering calls for 5 chimney fires, 2 grass fires, 1 brush fire, and one house fire. We had Mutual Aid cover on 2 occasions.

I wish to take this opportunity to thank the Selectmen, Firewards, Firemen, and the people in town for their help, and co-operation, and for helping to keep fires at a minimum during the year and especially during the prolonged dry spell of this past fall. Also to the Silver Lake Association for their donation of much needed fire hose.

Respectfully submitted

REPORT OF THE SUPERINTENDENT

To the School Board and Citizens of Harrisville:

I hereby submit my second annual report.

STAFF CHANGES: The only staff change was brought about by the retirement of Mrs. Gladys Libby. Mrs. Louise Bergeron, former Nelson teaching principal, was secured as a replacement for Mrs. Libby.

ENROLLMENT TRENDS:

Current Enrollment													
Grade													
School	1	2	3	4	5	6	7	8	9	10	11	12	Tot.
Wells Memorial	9	8	13	12	6	12							60

Marlboro							1	7	3	6	3	3	23
Monadnock Regional									2	1			3
Total	9	8	13	12	6	12	6	14	10	13	8	4	115
Possible Future First Grade Enrollments													
	1964	1965	1966	1967	1968

Possible Future Elementary Enrollments

Grade							
School Year	1	2	3	4	5	6	Tot.
1964-65	5	9	8	13	12	6	53
1965-66	10	5	9	8	13	12	57
1966-67	8	10	5	9	8	13	53
1967-68	8	8	10	5	9	8	48
1968-69	7	8	8	10	5	9	47

The statistics outlined above are based upon current information and, while they are indicative of possible trends, any absolute conclusions made regarding future enrollments would be a precarious venture. The figures do not reflect the mobility of the population nor do they attempt to predict the number who might repeat a grade. They are rather a projection of current census and enrollment figures.

Certain comparisons regarding enrollment can be made. Our current enrollment, for example, shows a total of 115 enrolled in grades 1-12, eleven more than a year ago. The elementary enrollment increased by five whereas the high school enrollment increased by six.

Greater caution must be exercised in making positive statements concerning future enrollments. However, it appears now that the elementary enrollment in 1964-65 will be somewhat less while the secondary enrollment will be more than the current year. This will be reflected in higher tuition costs which is further affected by increased tuition rates.

SCHOOL FACILITIES: By continuing a regular program of maintenance, the Wells Memorial School will continue to accommodate the elementary children in facilities which more than satisfy modern standards of health and safety. It is not anticipated that additional space will be required as long as our secondary (grades 7-12) pupils are being educated elsewhere.

EDUCATIONAL PROGRAM: In a different section of this report, I referred to rising costs. As an educator and an administrator, it is often difficult to balance obvious opposing factors to a degree which can be justified. For it is true that improved educational services bring increased costs. As an educator, your superintendent is concerned with the improvement of the education program. As an administrator, he is concerned with the value received for each tax dollar spent.

The program for educating the young people of Harrisville is a good one. However, it is important that we are alert to any forthcoming educational or organizational changes in the area or the state which might affect our own program. I am confident that the citizens of Harrisville and their elected School Board will support what is best for our youth.

In conclusion, I again wish to express my appreciation to the teachers, pupils and parents, the School Board and the patrons of our school for their understanding and cooperation.
